

Major Catalog in School of Electronics Engineering and Computer Science

Major	Research Field	Mode	Teaching Language
计算机系统结构(Computer Architecture) (081201)	01. 计算机网络与分布式系统(Computer networks and distributed systems)	Full-time	English
	02. 云计算与大数据(Cloud computing and big data)	Full-time	English
	03. 云端智能计算系统(Cloud intelligent computing system)	Full-time	English
	04. 边缘智能计算系统(Edge intelligent computing system)	Full-time	English
	05. 无线智能与安全(Wireless intelligence and security)	Full-time	English
计算机软件与理论(Computer Software and Theory) (081202)	01. 软件工程与系统软件(Software engineering and system software)	Full-time	English
	02. 智能化软件与需求工程(Intelligent software and requirements engineering)	Full-time	English
	03. 云计算与普适计算(Cloud computing and ubiquitous computing)	Full-time	English
	04. 编程语言与程序分析(Programming language and program analysis)	Full-time	English
	05. 人工智能与机器学习(Artificial intelligence and machine learning)	Full-time	English
	06. 网络信息处理与信息安全(Network information processing and information security)	Full-time	English
	07. 计算机图形学与人机交互(Computer graphics and human-computer interaction)	Full-time	English
计算机应用技术(Computer Applied Technology) (081203)	01. 人工智能与媒体计算(Artificial intelligence and media computing)	Full-time	English
	02. 计算机视觉与医学图像分析(Computer vision and medical image analysis)	Full-time	English
