

# Major Catalog in College of Urban and Environmental Sciences

| Major                                               | Research Field                                                    | Mode      | Teaching Language |
|-----------------------------------------------------|-------------------------------------------------------------------|-----------|-------------------|
| 自然地理学(Physical Geography)<br>(070501)               | 01. 综合自然地理(Integrated Physical Geography)                         | Full-time | English           |
|                                                     | 02. 地表系统生物地球化学(Terrestrial biogeochemistry)                       | Full-time | English           |
|                                                     | 03. 地貌学与第四纪环境(Geomorphology and Quaternary Environment)           | Full-time | English           |
|                                                     | 04. 全球环境变化(Global Environmental Change)                           | Full-time | English           |
|                                                     | 05. 植物地理与生态地理(Plant Geography and Ecological Geography)           | Full-time | English           |
| 人文地理学(Human Geography)<br>(070502)                  | 01. 城市与经济地理(Urban and Economic Geography)                         | Full-time | English           |
|                                                     | 02. 建筑与景观设计(Landscape Architecture)                               | Full-time | English           |
| 地图学与地理信息系统(Cartology and GIS)<br>(070503)           | 00. 不区分研究方向(no need to specify research fields when applying)     | Full-time | English           |
| 地理学 ( 环境地理学 ) (Environmental Geography)<br>(070520) | 00. 不区分研究方向(no need to specify research fields when applying)     | Full-time | English           |
| 地理学 ( 历史地理学 ) (Historical Geography)<br>(070521)    | 00. 不区分研究方向(no need to specify research fields when applying)     | Full-time | English           |
| 国土空间规划(Territorial Spatial Planning)<br>(070526)    | 01. 国土空间治理与规划(National Territory Spatial Governance and Planning) | Full-time | English           |
|                                                     | 02. 城市与区域规划(Urban and Regional Planning)                          | Full-time | English           |
|                                                     | 03. 城乡发展与空间规划(Urban and Rural Development and Spatial Planning)   | Full-time | English           |
|                                                     | 04. 流域人居与空间规划(River Basin Habitats Research and Spatial Planning) | Full-time | English           |
| 生态学(Ecology)<br>(071300)                            | 01. 生态学(Ecology)                                                  | Full-time | English           |
|                                                     | 02. 景观生态与生态规划(Landscape Ecology and Ecological Planning)          | Full-time | English           |
